Product Description

UHD 4K TV The Ultimate Solution for Your Business

Needs

Product Description:

Ultra-high screen ratio: borderless design (or extremely narrow border) makes the TV have a strong visual impact in the off and on state, the front is almost all screen, the appearance is more simple and stylish, and it is easier to integrate with modern home decoration style.
Greater visual size: Although the physical size of the screen is 55 inches, because there is no border in the visual occlusion and interference, it will feel that the screen display area is larger, improving the viewing experience.

Features:

Massive online resources: After connecting to the network, you can obtain film and television resources, music resources, educational resources, etc., from many video platforms, and carry out online on-demand and binge-watching at any time.

Intelligent interactive system:

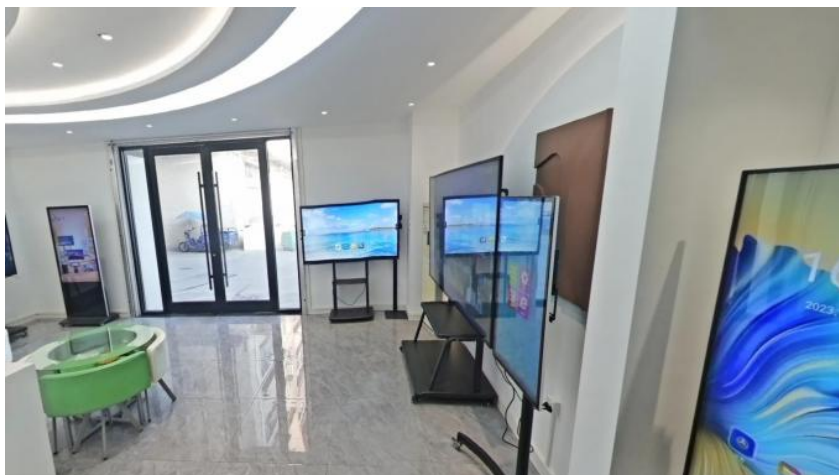

With intelligent voice interaction function, quickly search content, change channels, adjust volume and other operations through voice commands.

Some support gesture recognition interaction and other new interaction methods.

Support mobile phone and other mobile devices screen interaction, easy to share mobile phone photos, videos, etc.
