Product Description

Upgrade Your Business with UHD 4K TV for the Best Viewing Experience

Product Description:

Viewing distance (distance from sofa to TV)
According to the reference given by the China Electronic Video Industry Association, the recommended viewing distance of the 98-inch TV is about 3.3-5 meters. If it is less than 3.3 meters, too close a viewing distance may make it difficult for the eyes to adapt to such a large screen, easy to produce fatigue and pressure and other discomfort; If the distance is too far, it may weaken the sense of immersion and detail brought by the large screen to a certain extent.
Some people think that a viewing distance of more than 3.5 meters is more suitable for a 98-inch TV.
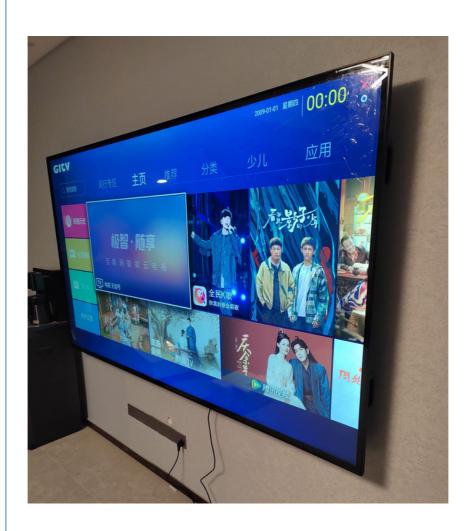

Features:

Operating system: Android, windows, Google.
Network connection: generally support wired wireless are connected to the network.
