Product Description

Unleash the Power of UHD 4K TV for an Immersive Viewing Experience

Product Description:

Large screen size: can provide a wider field of view and stronger visual impact, suitable for watching movies, sports events, etc., bring immersive viewing experience.

Metal frame: The appearance is more modern and advanced, while helping to improve the durability and stability of the TV.

Tempered screen: with high strength and impact resistance, relatively more wear-resistant, scratch-resistant, can effectively reduce the risk of damage to the screen in daily use.

Features:

Network function: can be connected to the network, to watch online videos, browse the web, play games and other network applications.

Image quality performance: Generally has a high resolution (such as 4K ultra HD), can present clear and delicate images. Some products may have features such as high contrast, wide color gamut, and high brightness, as well as technologies such as backlight partitioning, HDR, etc., to improve the sense of layer, color performance and dynamic range of the picture, providing better picture quality.
