### More Images

### Product Description

## Product Description:

More pixels: 4K resolution has four times as many pixels as full HD (1920×1080), allowing for more detail. Whether it is the facial expression of the character, the texture of the object, or the distant scenery, it can be clearly displayed, so that the audience can "contact the real world" and obtain an immersive viewing experience.

## Features:

Subscription fees for Internet TV are usually lower than for traditional cable TV. Some online TV platforms even offer free content services, or let users watch them for free through ad-supported models.

No need to install additional cable TV equipment, reducing hardware costs and installation expenses

## customizable:
